Haida Forest Products supplies Clear and Knotty Timbers to a number of our customers for exterior projects such as gazebos and pergolas.

We dress the timbers at our plant on our Weinig 30EL moulder. Each piece is stacked by hand onto a dunnage bottom to keep the finished product as clean as possible. We can also supply rough timbers as pictured on the right. Next time you have a Clear or Knotty rough or S4S timber inquiry, call Gary or Robert at Haida Forest Products!

Our Haida Skirl Siding compliments other siding patterns such as board and batten siding (shown above left) and sidewall shingles (shown above right) Brick and stone facings are also a terrific accent to the natural beauty and creative flair of our Haida Skirl wavy edge siding. If your customers are looking for a siding to make their home extraordinary, recommend Haida Skirl Siding.
