Still time for that Special Delivery! We can't guarantee that Santa will deliver your Haida Brand Western Red Cedar, but we will make sure that your order is wrapped with care!

Pictured above is Ron Byle (Planer Mechanic) Ron maintains and sets up our Weinig 23E and Weinig 30EL moulders.

If you have a special pattern, Ron has the knowledge and equipment to do the job right.

Ron is a certified millwright and has been with Haida Forest Products for over 13 years.

This is just part of our inventory. We have been stocking up for a busy 2007! We recommend that you do too! All indications are that Western Red Cedar will remain in tight supply until the fall of 2007.

The above picture was taken on November 28<sup>th</sup> after 8 inches of snowfall. Very unusual weather for November!
