New to Haida Forest Products!

Packaging is so important! Above are some units for shipment to Russia. Packaging is a vital part of insuring our products arrive in good condition.

Pictured above is Krystain Koscinski with a nested unit of 5/4 x 6 D/Btr Clear S4S Radius Edge Decking. Our dimension products are packaged into 1250bm and 2500bm nested units. Nested units save yard space and allow our customers to stock a variety of lengths without stocking a large inventory.

4 x 4 to 4 x 12 Architect Clear
6 x 6 to 6 x 12 Architect Clear
8 x 8 Architect Clear
We manufacture the very best!

Clear Bevel Siding. Haida Forest Products produces 3/4 x 6 / 3/4 x 8 3/4 x 10 and 3/4 x 12 Clear Bevel Siding Profiles. These hard to find sizes are regular products for us.

Specialty patterns are a large part of our business. We can manufacture the most unusual patterns on either of our two Weinig moulders! Architectural firms will often specify Haida Forest Products to manufacture unique and detailed patterns for their clients.

NAWLA Trader Mart
